NEED TO KNOW

NEXT WEEK

Something amazing about next week's message. Something amazing about next week's message. Something amazing about next week's message.

SMALL GROUPS

Something that will push people to get into small groups and engage in community. Something that will push people to get into small groups and engage in community.

HIGHLIGHT AN EVENT

If someone were to come back to your church, what event would help them connect to that? Make sure you highlight that here. You may only have one shot at this :)
